BRANCH GYMNASTICS OF BATTLE CREEK & KALAMAZOO

PRETEAM & TEAM EVALUATIONS
2020-2021 SEASON

FAQ

info

FAST FACTS

When Are Results Sent?

A placement letter will be distributed via email on Thursday, May 28, 2020. This letter will also include a date/time of an informational parent meeting where you can ask questions and get more information before making a commitment.

We HIGHLY recommend you to attend this info meeting, as impotant content will be outlined!

Does Every Child Make It?

Every child invited to participate in placement evaluations for the preteam/team program has shown attributes that lend themselves to being a successful member of the Branch Team Program. In some cases, gymnasts are placed in various levels of the Branch's recreational program after testing, to give them the gift of time to improve skills and strengths. All athletes are placed where they will be the most successful for the next year.

When Does Preteam Start?

Athletes move to their new groups/placements starting the week of June 15th. PreTeam/Team is a year-round commitment.

Do We Have to Join Team?

No. All athletes who are offered a preteam/team placement will have the option to join Branch's preteam/team in the group they are placed into, or return to the preschool or rec program. If your child starts the preteam/team program and you find you have questions or concerns, please communicate these with your child's coach.

What Does PreTeam Cost?

Prices vary greatly depending on the level which your daughter is placed into. Monthly tuition will be included in the placement letter distributed on May 28, 2020.

What Is the Practice Schedule?

Practices could range from 1 day a week to 2-3 days per week, depending on your daughter's placement. Summer schedule, including practice days and times will be included in your placement letter. The fall/school year practice schedule will be distributed in early June.
