

COVID-19 MITIGATION MEASURES

INCREASED GENERAL CLEANING PROTOCOLS

In an effort to prevent the spread of COVID-19 within Branch Gymnastics & KidsSports USA, we have enhanced our cleaning protocols. In addition to daily cleaning of all common areas and high traffic in-gym areas, Branch Gymnastics & KidsSports USA will also be utilizing an electrostatic disinfectant throughout the week.

HAND WASHING & HAND SANITIZING

Before starting each class, students will be prompted to handwash to prevent the spread of germs. Athletes will also be required to wash hands prior to returning to class anytime they leave the gym area (ex: going to the bathroom, talking with a parent, etc.). Hand sanitizer will also be available for use.

REDUCED CLASS SIZES & GROUPS

To more easily allow for social distancing, class sizes in all preschool and recreational program classes have been reduced. The number of groups training in the facility at one time has also been reduced to limit the contact students have with other individuals.

HEALTH QUESTIONNAIRE & CONTACT TRACING

Upon entry to the building, all athletes will need to scan in with our touchless kiosk using a unique QR code.

EXPOSURE NOTIFICATION

Should exposure to a COVID-19 positive individual occur in your child's training group, impacted parents will be notified directly.

PARENT VIEWING AREA GUIDELINES

Chairs in the parent viewing areas have been reconfigured to allow for social distancing. Please do not alter this setup. Thank you for your cooperation.

FACE MASKS

CDC and MDHHS guidelines are ever changing. Therefore, Branch Gymnastics & KidsSports USA will respect the personal choice of each individual to wear a face mask or not. If a mask order is mandated, Branch Gymnastics' staff, athletes and families will be required to comply.
