

COVID-19 MITIGATION MEASURES

INCREASED GENERAL CLEANING PROTOCOLS

In an effort to prevent the spread of COVID-19 within Branch Gymnastics & KidsSports USA, we are enhancing our cleaning protocols. In addition to daily cleaning of all common areas and high traffic in-gym areas, Branch Gymnastics & KidsSports USA will also be utilizing an electrostatic disinfectant throughout the week.

BETWEEN CLASS SANITATION

Between classes, coaches will disinfect mats, props and other supplies touched by students to ensure they are as clean as possible prior to the next group's use.

HAND WASHING & HAND SANITIZING

Before starting each class, students will be prompted to handwash to prevent the spread of germs. Athletes will also be required to wash hands prior to returning to class anytime they leave the gym area (ex: going to the bathroom, talking with a parent, etc.). Hand sanitizer will also be available for use.

REDUCED CLASS SIZES & GROUPS

To more easily allow for social distancing, class sizes in all preschool and recreational program classes have been reduced. The number of groups training in the facility at one time has also been reduced to limit the contact students have with other individuals.

TEMPERATURE SCREENINGS & HEALTH QUESTIONNAIRE

Upon entry to the building, all staff, athletes and other individuals will have their temperature screened using a contact free thermometer, and will need to scan in with our touchless kiosk using a unique QR code. Individuals with temperatures over 100.4 will not be permitted entry into the facility.

PARENT VIEWING AREA GUIDELINES

Chairs in the parent viewing areas have been reconfigured to allow for social distancing. Please do not alter this setup. Please limit viewing to one parent per athlete in order to allow for more effective social distancing. **Due to social distancing requirements, we will not be able to accommodate siblings or extra guests at this time.** Thank you for your cooperation.

FACE MASKS

Wearing a face mask during entry and exit to the building, and in all common areas, is required for all individuals. Main/big gym, dance and non-preschool athletes must wear their mask into the training area. However, athletes will not wear face masks while practicing, unless engaged in an activity that's unable to be distanced.

EXPOSURE NOTIFICATION

Should exposure to a COVID-19 positive individual occur in your child's training group, impacted parents will be notified directly.
